

Angie Vella

ABOUT

My name is Angie Vella, a self-taught full-stack designer, based in Malta, EU. As a full-stack designer, I can take projects from initial concepts all the way through to completion. I have had the opportunity to work on exciting projects for both local and international companies such as Ladbrokes. I can work both on my own initiative and within a team. I have over 2 years experience working remotely.

I believe design can solve problems and help businesses reach their goals. I strive to create beautiful and simple solutions and am always on the lookout for new technologies and techniques. I love learning new skills, especially if it betters my ability as a designer.

SKILLS

GRAPHIC & WEB DESIGN

I have experience in Branding and Identity Design, Print Design, UX Design, Website Design, UI Design, and Product Design. Skills include Adobe Photoshop, Adobe Illustrator, Sketch, Affinity Photo, Affinity Designer, Zeplin, Marvel and Invision.

FRONT-END DEVELOPMENT

Over 5 years experience delivering clean, modular code. Using the latest pre-processor features to create maintainable code. Technical knowledge includes HTML5, CSS3, SASS, jQuery, Jekyll, Wordpress, GitHub, and Codekit.

OTHER SKILLS

Experience using software such as Pivotal Tracker, Trello, and Slack.

EXPERIENCE

FULL-STACK DESIGNER

FREELANCE

AUGUST 2012 - MARCH 2017

Provided a range of services to a variety of small to medium businesses. Including branding, identity, print design for various formats, website design and development as well as style guide creation.

LEAD DESIGNER

REAL AUDIENCE

MARCH 2017 - AUGUST 2018

As lead and only designer, I was in charge of all design needs within the company. From brand style guides to marketing material and product design. While at the company I designed their flagship product at the time (a data management platform), a video creation platform and a website monitoring system for GDPR infractions. I collaborated with both front-end and back-end developers.

PRODUCT MANAGER

REAL AUDIENCE

AUGUST 2017 - JANUARY 2018

Worked closely with the Product Owner to manage one of the company's products within an agile environment. Tasks included team management, creating a road map, writing 'stories' for product features and prioritizing them for upcoming sprints based on business goals.
